

PORTA DOCK

MADE *for* MEMORIES

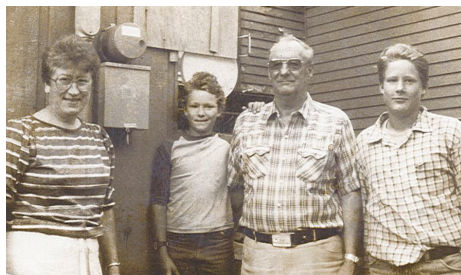

MADE *for* MEMORIES

For us, lake time has always been family time. Porta-Dock's quality line of docks and lifts are made so you can make the most of it. So, sit back, soak up the views and make those memories, knowing that your investment is backed by generations of lake-loving people just like you.

BUILT FOR GENERATIONS, FROM OUR FAMILY TO YOURS

In 1966, from the humble beginnings of his garage, Bob Gillman knew there was a better way to engineer a dock; a dock that was easier to install and could be built to last, allowing families to create generations of memories of time spent at the lake. Today, the innovation that sparked the first-ever roll-in dock on the market continues through the passion of his family (pictured below). As an Upper Midwest and Canadian leader in docks, lifts and accessories, Porta-Dock's dedication remains focused on living up to Bob's commitment to products that are easy to install, easy to enjoy, and above all built to last a lifetime.

1985: LORE, BRICE, BOB, & BRIAN GILLMAN

MADE IN THE USA SINCE 1966

Porta-Dock has been built on traditions of quality and innovation. That's why we continue to build all of our products with care at our Dassel, MN facility. We know how valuable your time on the water is, so we do everything we can to ensure a quality product that helps give you peace of mind to make the most of your summer on the lake.

DECKING OPTIONS

Each Porta-Dock decking panel sits flush in the frame. Panels are removable so you can easily replace if damaged. Mix and match panels for a customized look.

WHEELS

ECONOMY DOCK WHEEL KIT

Quickly bolting onto the side frame of your Porta-Dock dock, our economy dock wheel kit provides additional support to allow for transportation over rough terrain.

SHORE END WHEEL KITS

Allows for easy installation and removal by rolling the shore end of your Porta-Dock dock. Available in fixed or adjustable height models.

STORAGE

CANOE, KAYAK & PADDLE BOARD RACK

Porta-Dock racks make storage of your canoe, kayak, or paddle board readily accessible. Fits any Porta-Dock dock.

INSTALL/REMOVAL ASSISTANCE

TOW BAR

Makes installation and removal of docks easier than ever. Made for use between in-water to shore. Not intended for road use.

ACCESS

DOCK STEPS

All dock steps come standard with handrails and adjustable legs. Custom steps available. Measurements are from top step down.

NON-ADJUSTABLE DOCK STEPS

TYPE	HEIGHT
4-Step	29" - 41"
6-Step	45" - 57"
8-Step	59" - 71"

ADJUSTABLE DOCK STEPS

TYPE	HEIGHT
4-Step	Adjustable 18" - 34"
6-Step	Adjustable 22" - 42"

NON-ADJUSTABLE

ADJUSTABLE (AVAILABLE IN WHITE, BEIGE, WOODGRAIN, AND GRAY)

ADD-ONS

8" DOCK CLEAT

Secures to the dock frame with no need to drill or bolt through decking.

DOCK PANEL CLIPS

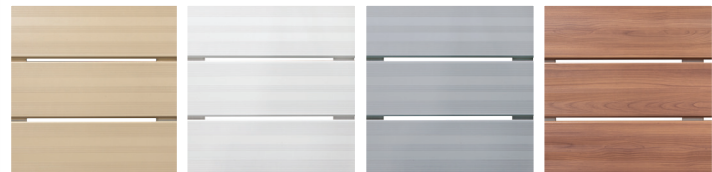

Secures dock panels to dock frame.

ADJUSTABLE SHORE STEPS

Made entirely of aluminum, available in White, Beige, Gray, or WoodGrain and completely customizable to your shoreline. Add on optional platforms and hand railings for extra stability. See your nearest dealer for more details.

ALUMINUM

Beige White Gray WoodGrain

LADDERS

Ladders available in 3-step or 4-step aluminum construction.

HINGES

Allows the dock to "flex" and adjust.

SHORE END RAMP SECTION

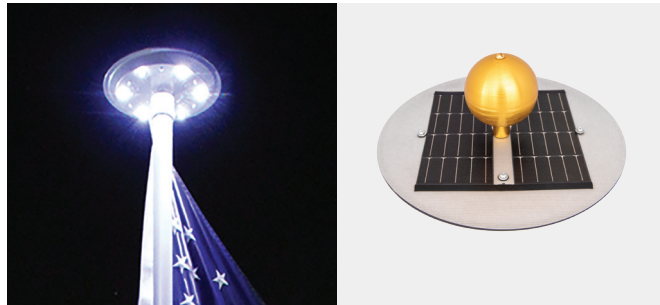

Available for all models of docks in 4' and 8' lengths. Hinge is adjustable to allow for incline or decline use on any shoreline.

AMBIANCE

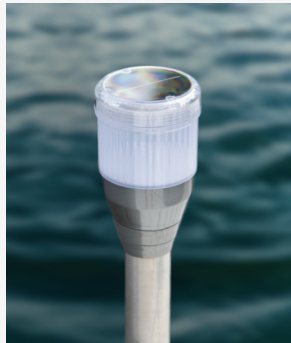

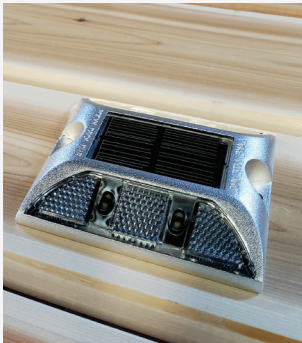

FLAG POLE

Adjustable flag pole extends to 15' and allows for two 3'x5' flags. Includes bracket for ease of attachment and one American flag.

FLAG POLE LIGHT

Aluminum top with protected solar panels and six bright LED lights provide flag illumination. Includes automatic on/off switch for dusk until dawn use.

SOLAR DOCK LIGHT

The easiest, most convenient way to light your Porta-Dock dock. At nightfall, the solar dock light's sensor automatically turns on the super bright LED. Use multiple units to create an elegantly lit pathway for all to walk on.

- Lasts 18+ hours on a full charge
- Brighter than conventional solar garden lights
- Fits any Porta-Dock dock post with included mounting bracket
- Dock post or surface mount options

SAFETY

DOCK BUMPERS

Both horizontal and vertical dock bumpers are available for all dock styles. See dealer for available colors and lengths.

HAND RAILINGS

Lightweight aluminum railings available for all dock models and lengths.

ADDITIONS

DECK EXTENSION

Easily attaches to the side of your Porta-Dock dock. Allows for easy entrance and exit from your boat or pontoon.

CORNER SECTIONS

Easily add corner sections to any Porta-Dock dock to increase the square footage.

LIFT ACCESSORIES

CANOPY FRAMES & FABRIC

Porta-Dock's lift canopy frames create a "garage-like" enclosure that provides added protection to your watercraft, boat, or pontoon while in the lift. Easy to attach by mounting to existing canopy frame.

FRAME

- Adjustable aluminum framework
- Double aluminum tubing runs the full length of the top

FABRIC

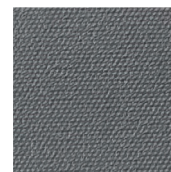

- Heat-sealed, strong, long-lasting seams
- TOP GUN® acrylic coated polyester marine fabric
- Easily cleans with mild detergent and water
- Comes standard with full-mesh ends

CANOPY COLORS

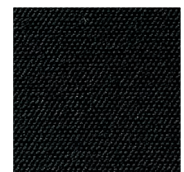

Porta-Dock TOP GUN® canopies come with a 5-year warranty and offers maximum depth, giving your boat exceptional protection from the elements.

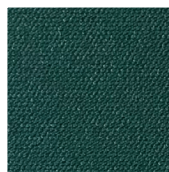

Beige

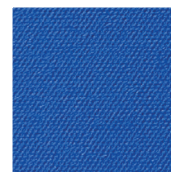

Charcoal

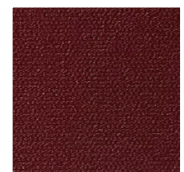

Onyx

Forest Green

Caribbean Blue

Burgundy

30" DROP CANOPY

30" DROP CANOPY

Our optional 30" drop canopy allows for deeper coverage while still allowing for air to pass through.

MOTORIZED WINCH KITS

Designed for optimum strength and ease of use, each motorized winch kit removes the strain from your lift and provides generous clearance and access. Adapts to existing lifts. Available as 12, 24, or 110 volt power. Remotes and solar panels optional on most models. See dealer for details. Available with optional remote and auto-stop.

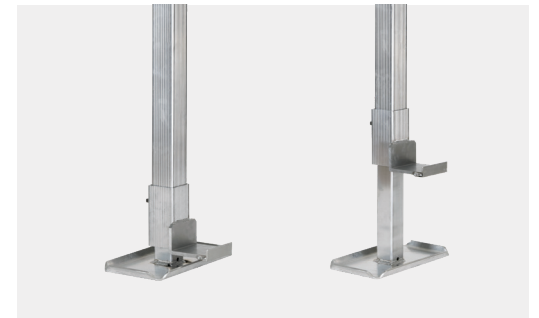

LIFT STEP

Get in and out of your boat safer and easier. Also available for personal watercraft lifts.

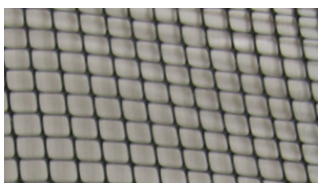

10 & 20 WATT SOLAR PANEL SYSTEMS WITH CHARGE CONTROLLER

Our solar charging systems are made from high quality, more efficient monocrystalline solar cells that also provide a clean, uniform look. Each panel is enclosed in a screw-less anodized aluminum frame and tempered glass with a water tight junction box and blocking diodes. Mounting arm and brackets included.

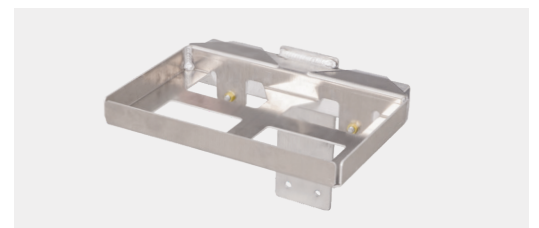

LIFT JACK

Provides assistance with lifting and leveling Porta-Dock lifts with the help of a cordless drill by raising a corner of the lift. For use with unloaded lifts, no boat or pontoon on the lift. Includes 30" lift distance along with an independently adjusted arm.

BIRD PROOF NETTING

Durable, lightweight, rot resistant and waterproof mesh prevents birds of all species from nesting under your canopy. Installs in minutes.

HANGING BATTERY TRAY

Porta-Dock offers a variety of battery trays including single and double trays and frame mountable for lifts with or without canopies. An upright adapter is also available.

UNIVERSAL BOLT-ON WHEEL KIT FOR LIFTS (PAIR)

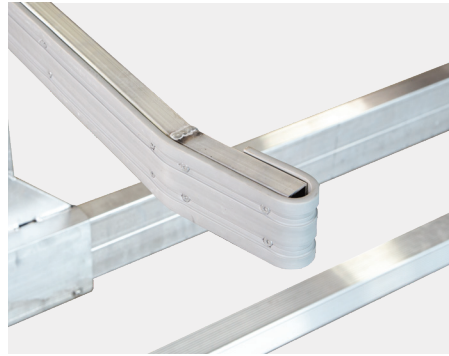

Easily attaches to existing lift for convenient installation and removal.

BOAT & PONTOON DOCKING

ROLLER GUIDE-ONS

Padded, vertical guide-ons aid in proper boat placement on lift while protecting the finish of your boat

PONTOON STOPS

Stops your pontoon in the proper location on the lift. Adjustable to accommodate any style of pontoon.

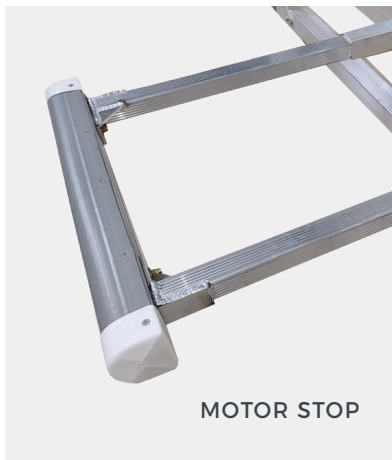

MAINTENANCE-FREE PONTOON RAILS

Guides your pontoon onto the lift while supporting it by the frame.

BUNKS & GUIDES

Porta-Dock offers a variety of bunk and guide options including wood, carpet, and vinyl.

MOTOR STOP

BOAT STOP

Prevents your boat from overrunning the lift.

DOCKS

FOR CAMPGROUNDS, RESORTS + ASSOCIATIONS

All Porta-Dock dock styles offer unlimited layout possibilities and can be utilized in the creation of a completely unique dock. Our dock sections give you the option of using them in-line or side-by-side to create a custom configuration.

- Configurable for your specific needs
- Rigid aluminum frame
- Wide variety of accessories available
